

The History of Flight

Across

- 4. A plan or picture of something to be built
- 5. A vehicle that flies through the air
- 6. America's first space station
- 7. A vehicle that flies in space
- 10. A place where aircraft stay when they are not flying

Down

- 1. The "road" that airplanes land on and take off from
- 2. To constantly circle something
- 3. A person who rides in a space vehicle
- 8. Someone who flies a plane or the Space Shuttle
- 9. A company that owns airplanes
